

Hide-A-Way Hills Aerial Pictures

June 24, 2003

Photos by Belinda Augustus, a Hide-A-Way Hills resident, and Real Estate Sales Agent with Gorsuch Realty Inc.

A big THANK YOU goes out to Jim Lloyd.
Jim piloted a delightful plane ride that allowed me the opportunity to view our community from the skies.

The following pictures were taken the evening of June 24, 2003.

The Lake of 4 Seasons, the dam, and the boat docks are all visible on the right side of this photo.

Lake Arrowhead (Top) and Lake Deerfoot (Bottom) can be seen on the left. A main access road which serves the community can be seen crossing between the two lakes.

The 2 bodies of water which are seen at the bottom of the picture are a portion of ODNr's Kessler's Swamp.
